

## SESD 272

### Grounding cable

#### IEC / EN 61000-4-2

- For ESD pulses up to 30 kV according to IEC/EN 61000-4-2
- Length: 2 m

**For immunity tests up to 30 kV** 

#### Overview

The discharge resistors contained in the earth leakage set prevent the applied charge from disappearing immediately after an ESD generator discharges on, for

example, a vertical coupling plate, thus increasing the effect of the ESD test.

#### Technical data

##### Grounding cable

Color	black	Connections	cable connectors Ø 6.2 mm
Length	2 m	Bleeder resistors	2 x 470 kΩ
Outer diameter	approx. 3,5 mm	Voltage max.	for ESD pulses according to IEC / EN 61000-4-2 up to 30 kV
